

**Are you at risk of tidal flooding?**

**What would you do if there was a flood?**

**How will rising sea levels affect you?**

**What matters to you where you live?**

**Do you worry about climate change?**

# Do you live or work around the Humber?

We want to find out what you think about tidal flooding and what matters to you where you live.

Visit <https://www.smartsurvey.co.uk/s/HumberStrategySurvey/> or scan the code to take part in our survey and help us shape the way flood risk is managed now and in the future

The Humber 2100+ partnership is made up of 12 local authorities, the Environment Agency and the Humber LEP. We are working together to come up with a new approach to managing tidal flood risk around the Humber estuary and its tidal rivers. To find out more about the strategy visit <https://consult.environment-agency.gov.uk/humber/strategyreview/> or check out our Story Map here: <http://arcg.is/1WC8vn2>

Be prepared and check your flood risk [www.gov.uk/flood](http://www.gov.uk/flood)
