SECTION 2: EMERGENCY TEAM ACTION CHECKLIST

IN AN EMERGENCY DIAL 999. Follow the Emergency Services advice at all times, and always be aware of your own safety and the safety of those around you.

Gather as much information about the situation as possible - eg:

- The location of the emergency.
 - Type of incident.
 - Number of people and/or properties involved.
 - The type of support that might be needed (eg moving items upstairs, providing immediate shelter, basic household tasks).
 - Tune into your local radio station for updates.
 - Make contact with the representatives of any responding organisations at the scene.
-
- Consider whether you can work effectively from your current location, or whether you need to move to an alternate location (see [Section 3](#)). Arrange for the Incident Room to be opened as appropriate.
 - Notify the emergency team and request they meet at the nominated location (see [Section 1 & 3](#)) Contact Cllr Mike Gathercole to cascade the call, if no response contact Cllr Freda Dunkley
 - If the emergency has the potential to be drawn out consider putting in place a rota for all the roles involved. It is important to make sure people don't over work themselves during an incident as this can easily happen.
 - Use the standard agenda to run the meeting. Circulate the Response Aim and Objectives so people know what you are trying to achieve. (see [Section 4](#))
 - Decide which local resources should be mobilised initially to support the community. You might want to give this task to one person within the emergency team to co-ordinate.
 - **Community Coordinators / Area Wardens - TBC**
 - **Flood Wardens - TBC**
 - **Ward Members; Cllr Hannigan, Cllr Wells and Cllr Clark**
 - **Parish Officer: Vicky Haines**
 - **Snow Warden: Cllr Charlie Leaning and Mr Tony Ruddy (Parishioner)**
 - If there is a representative from the Emergency Services, Council or other responder working in your community, please go and introduce yourself and tell them you have activated your community emergency plan.
 - Consider asking for additional members of the community (volunteers) to help with the response, you may have pre-identified community coordinators already. You might want to give this task to one person within the emergency team to co-ordinate.

The type of support that would be welcomed changes from emergency to emergency but might include:

- Helping people move valuable and sentimental items upstairs.
 - Helping deploy any flood protection products they might have.
 - Providing some immediate shelter if people have had to leave their homes.
 - Looking after pets.
 - Providing lifts to family and friends.
 - Doing basic household tasks such as shopping.
-
- The Council may be sending update emails to the Emergency Team members. Agree who is going to keep checking their email account and keep monitoring the Council's website.
 - Tell your community that your emergency team is functioning and if appropriate maintain a presence in the area(s) affected. (see [Section 3](#))
 - Help communicate any warning information messages, and recommend that people tune into the local radio station.
 - Keep the public message boards and any social media sites (Facebook) used up to date with the latest information.
 - Decide whether you will offer residents a key number to contact during the emergency.
 - Establish contact with neighbouring Parish/Town Councils and ask for/offer support if appropriate.
 - Ensure that any members of your community engaged in the response are not putting themselves at risk. Make sure they are acting lawfully (eg not speeding), carefully and are not carrying out tasks and activities that they are not qualified to do.
 - When the immediate risk of the emergency has passed consider what role the Parish Council can play in helping the community recovery. Continue the meetings of the Community Emergency Team, using the Recovery Aim and Objective. (see [Section 4](#))
 - Goxhill Parish Council will meet every Monday morning at the Community Centre to discuss, action and future plan.
